## II Reading Comprehension

*Read the following article about Sam's life on a farm.*

*Answer the questions in one to five words or in numbers. You needn't write complete sentences.*

### At home on a farm

When 12-year-old Sam gets home after school, his life is different than most of his classmates'. While most of Sam's friends meet in the afternoon, Sam has other things to do. Sam lives on a farm.

Very early in the morning, his father feeds the animals, mostly sheep and cows. But after school, it's Sam's job to take care of the animals.

He usually visits the cows first and then he calls for the sheep to come home from the green hills. He loves the fluffy sheep, especially the very young lambs. But Sam's favourite animal on the farm is the old duck Henry. Sam has known Henry for most of his life and sometimes Henry follows Sam around all afternoon.

After finishing the farm work, Sam and his mum and dad have dinner together. They often eat fresh vegetables, milk and fruit from their own farm. After dinner, while his friends play computer games or watch the latest YouTube videos, Sam does his homework and is normally too tired to do anything else. Sometimes Sam would like to have more time to meet his friends or just do nothing.

At the weekends he finally has time to meet his friends. They usually play football together or swim in a lake.

1. Where is Sam's home?

---

2. What does Sam usually do when school is over? (*Name two.*)

---

---

3. What is special about Henry? (*Name one.*)
